

CASE STUDY

HILTON LA ROMANA RESORT

Hilton La Romana in the Dominican Republic is a 418 guest room all-inclusive family beach resort, and 356 guest rooms Adults Only Resort, surrounded by a lush, tropical forest. With 13 restaurants, bars and lounges, a 21,000 square foot world-class spa, a water park, 4 pools, kids club, teens club, gym, an adults only area with a private pool, casino and club. The resort features over 10,000 square feet of state-of-the-art convention center and meeting facilities.

"We started to design the ballroom with a concept of colors from a native stone of the Dominican Republic called Larimar, the Intercorp's team helped us find a design that represented the idea we had in mind not only on the color palette but also on the organic forms. We are proud with the result".

Juan Pablo Salazar R.
Architect, Playa Hotels & Resorts
